

Plant A Seed Cards

Inspired by her mother and the scripture Matthew 17:20, Brea Robinson created her online business, Plant A Seed Cards in 2019. She began with a set of 25 greeting cards with a mustard seed inside each, reminding the recipient would be reminded of the scripture. Next, she created bracelets, all original designs, with a charm of faith on the front and a real mustard seed on the back. In addition to selling her products online, Brea sells her products at craft shows and women's church conferences all around SC. Her mission is to plant a mustard seed of faith.

"I hope my story has inspired you and I give all thanks and glory to God!" – Brea Robinson

Small businesses are at the heart of every community's economic growth and stability, and Anderson is experiencing both thanks to these dynamic businesses and the entrepreneurial spirits behind them. We will feature more exciting small businesses in the March edition of Anderson Magazine. And remember – every time you shop small, you make your neighbor's dream come true.
